Messages

Although a money market mutual fund seeks to preserve the value of your investment at \$1 per share, it is possible to lose money by investing in a money market mutual fund. Shares of a money market mutual fund or the balance of a bank deposit product held in your brokerage account may be liquidated upon request with the proceeds credited to your brokerage account. Please see the money market mutual fund's prospectus or the bank deposit product's disclosure document or contact your Investment Professional for additional information. Pursuant to SEC Rule 10b-10(b)(1) confirmations are not sent for purchases into money market mutual funds processed on the sweep platform. Pursuant to applicable regulation, account statements will be produced monthly or quarterly.

eDelivery

Going digital is more important than ever before, and the benefits of electronic delivery--speed, convenience and safety--are clear. We offer eDelivery for account statements, prospectus documents, proxy or shareholder communications, tax documents, trade confirmations and more.

To enroll, log in to your brokerage account and look for the one-click eDelivery pop-up or simply select 'Go Paperless' at the top of any page and follow the on-screen prompts for set-up. Enrollment can be activated as quickly as the day you register, and you will be notified when documents are available in an online, password-protected portal.

Contact your financial professional if you have any questions about any of our efficient digital tools.

* Noncovered under the cost basis rules as defined below.

Generally, securities acquired before 2011, in retirement accounts or held by Non-U.S. entities are not subject to the cost basis reporting rules set forth in the Internal Revenue Code of 1986, as amended by the Emergency Economic Stabilization Act of 2008, and are marked as "noncovered". Securities marked as "covered", were identified as securities potentially subject to the cost basis reporting rules and may be reported to the IRS on form 1099-B for the applicable tax year in which the securities are disposed.

Note: In the event where we cannot easily determine the taxability of an account, we may mark the account as noncovered. However, if the account does not receive a 1099B, the cost basis will not be reported to the IRS.

- ³ Either all or a portion of the cost basis of this security has been provided to us by you or your introducing firm and Pershing makes no representation as to the accuracy of this information.
- ¹² Pershing has received updated cost basis information for either all or some of the shares for this security, therefore cost basis provided on previous client brokerage statements may differ from the new cost basis reported in this section.
- ¹³ Either all or a portion of the cost basis of this security has been provided to us by the delivering firm or transferring agent and Pershing makes no representation as to the accuracy of this information.
- ^Y This line is an aggregation of shares in this position, representing shares acquired at different times and/or dates. This summary is a sum of these shares and does not represent cost basis calculated using the average cost accounting method.

Pricing

This section includes the net market value of the securities in your account on a settlement date basis, including short positions, at the close of the statement period. The market prices, unless otherwise noted, have been obtained from independent vendor services, which we believe to be reliable. In some cases the pricing vendor may provide prices quoted by a single broker or market maker. Market prices do not constitute a bid or an offer, and may differ from the actual sale price. Securities for which a price is not available are marked "N/A" and are omitted from the Total.

THE AS OF PRICE DATE ONLY APPEARS WHEN THE PRICE DATE DOES NOT EQUAL THE STATEMENT DATE.

Estimated Annual Figures

The estimated annual income (EAI) and estimated annual yield (EAY) figures are estimates and for informational purposes only. These figures are not considered to be a forecast or guarantee of future results. These figures are computed using information from providers believed to be reliable; however, no assurance can be made as to the accuracy. Since interest

and dividend rates are subject to change at any time, and may be affected by current and future economic, political, and business conditions, they should not be relied on for making investment, trading, or tax decisions. These figures assume that the position quantities, interest and dividend rates, and prices remain constant. A capital gain or return of principal may be included in the figures for certain securities, thereby overstating them. Refer to www.pershing.com/disclosures for specific details as to formulas used to calculate the figures. Accrued interest represents interest earned but not yet received.

Reinvestment

The dollar amount of Mutual Fund distributions, Money Market Fund dividend income, Bank Deposit interest income, or dividends for other securities shown on your statement may have been reinvested. You will not receive confirmation of these reinvestments. Upon written request to your financial institution, information pertaining to these transactions, including the time of execution and the name of the person from whom your security was purchased, may be obtained. In dividend reinvestment transactions, Pershing acts as your agent and receives payment for order flow.

Option Disclosure

Information with respect to commissions and other charges incurred in connection with the execution of option transactions has been included in confirmations previously furnished to you. A summary of this information is available to you promptly upon your written request directed to your introducing firm. In order to assist your introducing firm in maintaining current background and financial information concerning your option accounts, please promptly advise them in writing of any material change in your investment objectives or financial situation. Expiring options which are valuable are exercised automatically pursuant to the exercise by exception procedure of the Options Clearing Corporation. Additional information regarding this procedure is available upon written request to your introducing firm.

Foreign Currency Transactions

Pershing will execute foreign currency transactions as principal for your account. Pershing may automatically convert foreign currency to or from U.S. dollars for dividends and similar corporate action transactions unless you instruct your financial organization otherwise. Pershing's currency conversion rate will not exceed the highest interbank conversion rate identified from customary banking sources on the conversion date or the prior business day, increased by up to 1%, unless a particular rate is required by applicable law. Your financial organization may also increase the currency conversion rate. This conversion rate may differ from rates in effect on the date you executed a transaction, incurred a charge, or received a credit. Transactions converted by agents (such as depositories) will be billed at the rates such agents use.

Proxy Vote

Securities not fully paid for in your margin account may be lent by Pershing to itself or others in accordance with the terms outlined in the Margin Agreement. The right to vote your shares held on margin may be reduced by the amount of shares on loan. The Proxy Voting Instruction Form sent to you may reflect a smaller number of shares entitled to vote than the number of shares in your margin account.

Generally, securities acquired before 2011, in retirement accounts or held by Non-U.S. entities are not subject to the cost basis reporting rules set forth in the Internal Revenue Code of 1986, as amended by the Emergency Economic Stabilization Act of 2008, and are marked as "noncovered". Securities marked as "covered", were identified as securities potentially subject to the cost basis reporting rules and may be reported to the IRS on form 1099-B for the applicable tax year in which the securities are disposed.

Note: In the event where we cannot easily determine the taxability of an account, we may mark the account as noncovered. However, if the account does not receive a 1099B, the cost basis will not be reported to the IRS.

This Schedule may not reflect all cost basis adjustments necessary for tax reporting purposes, especially for noncovered securities. Adjustments to cost basis may have been made for prior income received and subsequently reclassified by the issuer as a return of capital. In addition, corporate action events may require adjustments to your original cost basis. Return of capital information and cost basis information, as it relates to corporate actions, has been obtained from sources we believe to be reliable.

Adjustments to cost basis can be made after year-end, in particular, for return of capital adjustments, but may also include adjustments for corporate action events. Therefore there may be differences in cost basis reflected on your monthly client brokerage statement at year end versus any subsequent reports, including your 1099-B or online displays you may have available to you.

When you report your cost basis on your tax return, it should be verified using all of your own records. In particular, there may be other adjustments which you need to make, but are not required to be made by Pershing as it relates to H.R. 1424. You should consult with your tax advisor in order to properly report your gain or loss for tax purposes. Pershing shall not be responsible for and makes no representations or warranties with respect to the accuracy of any information that you report to the IRS or other taxing authorities, and, accordingly, disclaims any and all liability that may arise with respect to your use and reliance on the information provided herein for such reporting.

¹³ *The cost basis of this security has been provided to us by the delivering firm or transferring agent and Pershing makes no representation as to the accuracy of this information.*

^u *These shares are unsettled and have been recently disposed. You will also see these shares on the Portfolio Holdings section until this transaction has been settled.*

Please refer to the Your Account Information Section in your brokerage account statement for your account's existing tax-lot disposition method. The disposition method is the method which you have selected to use in the disposal of each tax lot of the securities held in your account. If you do not select a method, your account will be defaulted to First In, First Out (FIFO). Your account's selected tax lot method will be used to determine the cost basis for calculating gain and/or loss, unless another method was selected at the time of the security disposal, and this may be reported on the IRS Form 1099-B.

Important Information and Disclosures

The Role of Pershing

- Pershing carries your account as clearing broker pursuant to a clearing agreement with your financial institution. Pershing may accept from your financial institution without inquiry or investigation (i) orders for the purchase and sale of securities and other property and (ii) any other instructions concerning your account. Pershing is not responsible or liable for any acts or omissions of your financial institution or its employees and it does not supervise them. Pershing provides no investment advice nor does it assess the suitability of any transaction or order. Pershing acts as the agent of your financial institution and you agree that you will not hold Pershing or any person controlling or under common control with it liable for any investment losses incurred by you.
- Pershing performs several key functions at the direction of your financial institution. It acts as custodian for funds and securities you may deposit with it directly or through your financial institution or that it receives as the result of securities transactions it processes.
- Your financial institution is responsible for adherence to the securities laws, regulations and rules which apply to it regarding its own operations and the supervision of your account, its sales representatives and other personnel. Your financial institution is also responsible for approving the opening of accounts and obtaining account documents; the acceptance and, in certain instances, execution of securities orders; the assessment of the suitability of those transactions, where applicable; the rendering of investment advice, if any, to you and in general, for the ongoing relationship that it has with you.

Important Arbitration Disclosures

- All parties to this agreement are giving up the right to sue each other in court, including the right to a trial by jury, except as provided by the rules of the arbitration forum in which a claim is filed.
- Arbitration awards are generally final and binding; a party's ability to have a court reverse or modify an arbitration award is very limited.
- The ability of the parties to obtain documents, witness statements and other discovery is generally more limited in arbitration than in court proceedings.
- The arbitrators do not have to explain the reason(s) for their award, unless, in an eligible case, a joint request for an explained decision has been submitted by all parties to the panel at least 20 days prior to the first scheduled hearing date.
- The panel of arbitrators will typically include a minority of arbitrators who were or are affiliated with the securities industry.
- The rules of some arbitration forums may impose time limits for bringing a claim in arbitration. In some cases, a claim that is ineligible for arbitration may be brought in court.
- The rules of the arbitration forum in which the claim is filed, and any amendments thereto, shall be incorporated into this agreement.

Important Arbitration Agreement

Any controversy between you and Pershing LLC shall be submitted to arbitration before the Financial Industry Regulatory Authority. No person shall bring a putative or certified class action to arbitration, nor seek to enforce any predispute arbitration agreement against any person who has initiated in court a putative class action, who is a member of a putative class who has not opted out of the class with respect to any claims encompassed by the putative class action until; (I) the class certification is denied; (II) the class is decertified; or (III) the client is excluded from the class by the court. Such forbearance to enforce an agreement to arbitrate shall not constitute a waiver of any rights under this agreement except to the extent stated herein. The laws of the State of New York govern.
